After updating the Coffalyser.Net sheet library, it states that 0 items were updated. What happened?

This article was retrieved from support.mrcholland.com on Sunday, 11th May 2025.

Your library was already up to date. You do not need to take any further action.

Background

Coffalyser.Net displays a message if an update of the sheet library has completed successfully. If this message states that 0 items were updated, this indicates that the sheet library already contained the most recent information.

update completed successfully (0 items updated)
