MRC Holland Support

Educational resources for MLPA: e-learning, videos, workshops & webinars

This article was retrieved from support.mrcholland.com on Thursday, 25th April 2024.

You can learn more about SALSA® MLPA® by using our free e-learning modules or by viewing our instruction videos. You can also join one of our (virtual) workshops or webinars.

Note

If you are new to MLPA we recommend checking out our [getting started](#) guide first, as this lists the most important educational resources in a recommended order.
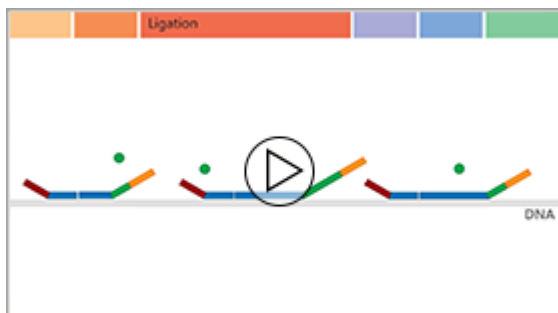

(Virtual) workshops and webinars

We regularly host (virtual) workshops and webinars that put the spotlight on our technologies or on specific applications, or that help you learn about topics such as data analysis. An overview of currently scheduled educational events can be found in our [events overview](#).

General instruction videos

All of our general instructions videos can be found in the [General Instruction Videos](#) category. The currently available videos are listed below.

How does MLPA work?

This animation explains how the MLPA technique works.
How to perform an MLPA reaction

This video teaches you how to perform an MLPA reaction in the lab.

E-learning modules

All of our e-learning modules can be found in the [E-learning Modules](#) category. The currently available modules are listed below.

MLPA quality control fragments

Learn how to use the Quality Control fragments to assess the quality of your MLPA experiments. Available in English and German.

MLPA data normalisation and probe ratio calculation

Learn how MLPA data normalisation and probe ratio calculations work.

MLPA result interpretation in Coffalyser.Net

Learn which criteria you can apply to determine the reliability of MLPA results.
Coffalyser.Net instruction videos

All of our Coffalyser.Net™ instructions videos can be found in the Coffalyser.Net Instruction Videos category. The currently available videos are listed below.

How to perform SALSA MLPA data analysis for copy number determination

This video shows you how to import and analyse MLPA data using Coffalyser.Net.

How to analyse SALSA MS-MLPA data

This video shows you how to import and analyse MS-MLPA data using Coffalyser.Net.

How do I add a CE device?

This video shows you how to add a capillary electrophoresis (CE) device to Coffalyser.Net.

How to add sheets to the sheet library

This video shows you how to add Coffalyser.Net sheets to the sheet library in Coffalyser.Net.

How to create a manual bin set

This video shows you how to create a manual bin set in Coffalyser.Net.

Other instruction videos
Instruction videos about other topics are listed below.

How to anonymise your MLPA data with the MLPA Sample Anonymiser Support

Tool

This video shows you how to anonymise MLPA data using our free MLPA Sample Anonymiser Support Tool.
