MRC Holland Support

MLPA troubleshooting wizard

This article was retrieved from support.mrcholland.com on Friday, 9th May 2025.

This interactive wizard helps you to quickly troubleshoot potential problems in your MLPA reactions. Click the image below to start the wizard in a new window.

Internet Explorer users: version 9 or higher is required to be able to view our e-learning modules and Troubleshooting Wizard.

You can also download our Quality Control Flowchart to evaluate the quality of your experiments and to solve the most common issues.
